

# Animals and Their Moral Standing

## Content

### **Animals and Their Moral Standing by Stephen R L Clark.**

...

Twenty years ago, people thought only cranks or sentimentalists could be seriously concerned about the treatment of non-human animals. However, since then philosophers, scientists and welfarists have raised public awareness of the issue; and they have begun to lay the foundations for an enormous change in human practice. This book is a record of the development of 'animal rights' through the eyes of one highly-respected and well-known thinker.

This book brings together for the first time Stephen R.L. Clark's major essays in one volume. Written with characteristic clarity and persuasion, *Animals and Their Moral Standing* will be essential reading for both philosophers and scientists, as well as the general reader concerned by the debates over animal rights and treatment.
