Misdiagnosed: My Thirty-Year Struggle with a Debilitating Disorder I Never Had by Jean Sharon Abbott.

...

As a young girl, Jean watched her classmates run across the playground and wondered, "How do they do that?" As a teenager, she watched her friends go off on dates and thought, "Will anyone ever love me?" And when she was a young adult she realized that God has a plan. An absolutely wonderful plan.

Jean Abbott has a powerful and uplifting story of perseverance no matter what life brings. After enduring 3 decades of countless doctors visit, medical procedures, unnecessary medications and surgeries, she heard the words, "You've been misdiagnosed." Could this be the life she's been waiting for?
